

### **Instructions on use of Lambeth's Planning Applications Public Access Database**

1. Click the link on this webpage or put [http://planning.lambeth.gov.uk/publicaccess/tdc/tdc\\_home.aspx](http://planning.lambeth.gov.uk/publicaccess/tdc/tdc_home.aspx) into your browser.
2. Click on 'Application Search' on left of page.
3. If you know the Application number, enter it into the box at the top of the page. If not:-
4. Click on arrow at the end of the Ward Column and then on the ward name. (Waterloo is in Bishops ward)
5. Enter application dates between at the bottom of the screen - no dates will result in too many responses so if you are not sure of the date enter 2 months at a time until you find what you are looking for, this should not result in more than the 100 maximum responses.
6. The planning applications for that ward between the dates entered will appear in date order with the most recent application first.
7. Change number of responses per page box from 10 to 100 to see them all in one continuous list.
8. If you still cannot find what you want email WCDG on [admin@wcdg.org.uk](mailto:admin@wcdg.org.uk) and we will find the application number and email it back to you.
